Thursday 13 th	P7 transition Day 2pm New P1 Transition Meeting Miss smyth to DYW meeting 6pm Parent Council Meeting
Friday 14 th	

5 star improvement this term:

Launch our anti-bullying policy with our whole school community

Focus on writing across all stages to make improvements as a school

Involve our parents in our improvement planning for next session

Continue to develop our home learning policy

Launch our health and wellbeing approach at St Columba's with our community

Free Write Friday

We are working together as a cluster group of schools to introduce free write Friday to try and encourage children to write creatively without any adult intervention. The children have all been given a special jotter and a gold writing pencil for this special time- we hope this encourages the children's creativity and imagination.

Health Week

Mr Tennant has worked very hard for this week's health week which has the children involved in a wide variety of activities. We have involved local business- Boghall Butchers and are supported by Morrisons and Tesco to take this forward. The children can wear sports clothing all week so they are fully prepared for all activities. All children should participate- please contact your child's teacher if your child cannot take part in any activity

Staffing Changes

Last Friday a letter was issued sharing that I will be interim Headteacher of St Columba's and Boghall primary. How this will look for next session I am not quite sure, however I am positive that we will continue to make St Columba's an even greater place to learn. I look forward to sharing our improvement priorities for next session.

We are just confirming class teachers for next session- I hope to have this information out to you by next week in order for children's moving up morning to take place.

Thank You

Huge thank you to everyone who supported the children on Newland's Day, it was such a lovely day. Mrs Potter was so excited that we were the first school in the procession. Well done for representing our school!
